AWESOME CREATION

A study of the first three verses of the Torah

WITH RABBI YOSEF BITTON

Tuesday 21 January 2014, 8.00pm

Drawing on both Jewish and scientific sources, Rabbi Yosef Bitton offers a fresh reading of the initial words of the Torah. Learn about the Big Bang, the unexplored consequences of Creation Ex Nihilo, the controversies surrounding the Age of the Universe, and the enigma of Primeval Light. Appreciate as never before the beauty and sophistication of Biblical Creation.

Born in Argentina, Rabbi Yosef Bitton holds a degree in Hebrew Language, Talmud, and Bible from Bar-Ilan University, and has pursued graduate studies at Ben-Gurion and at Emory Universities. Rabbi Bitton received his Ordination from the Israeli Chief Rabbinate and has been a rabbi and educator for over 25 years, presiding as Chief Rabbi of Uruguay and serving communities in Argentina and the USA.
